

Application for ACSAC Student Conferenceship

The goal of the student conferenceship is to allow students who would not normally be able to attend ACSAC to attend the conference. Although merit is one of the factors considered, students should not view the Conferenceship as a pure merit award. In particular, students are encouraged to pursue other sponsorships. Our goal is to enable the largest number possible of students to attend ACSAC, which will only be possible with the collaboration of the students in requesting sponsorship only for those items that cannot be funded by other sources.

A completed Conferenceship application consists of the following:

1. A filled in sponsorship form.
2. An one-page essay describing your background in information security; why you are interested in the field; relevant areas of interest; type of career you plan on pursuing; what you expect in attending ACSAC; and any other information you think makes you an appropriate candidate for the Conferenceship.
3. Two letters of recommendation from faculty members.
4. GPA and coursework completed (with grades) in the area of security.

If you are chosen for a Conferenceship, you are required to fully participate in the conference (e.g., attend both tutorials and sessions). More information on the requirements can be found on the Student Conferenceship Agreement, available at the ACSAC site.

Note: ACSAC Student Conferenceships work on a reimbursement basis; i.e., you (the student) pays for the travel, hotel, etc., and then at or shortly after the conference, you are reimbursed for the approved expense. If this is a significant problem, please include a note with your application explaining the circumstances.

Sponsorship Form

Please fill in bellow the items for which you need sponsorship:

	YES	NO	Additional Information
