WORKSHOP ON RESEARCH FOR INSIDER THREAT

Monday, December 4, 2023

- 7:30AM – 8:30AM Breakfast
- 8:30AM – 9:00AM Opening Remarks  
Dr. Christina Winters and Dr. Bill Claycomb, *2023 WRIT Program Chairs*
- 9:00AM – 10:00AM Keynote Talk: “Seven Science-Based Commandments for Understanding and Countering Insider Threats”  
Dr. Eric Lang, *Defense Personnel and Security Research Center (PERSEREC)*
- 10:00AM – 10:30AM Break
- 10:30AM – 11:00AM “Mitigating the Nexus: Dark Triad Traits and Insider Threats in Cloud Territories”  
Mohammad Hafiz Hersyah, *Nara Institute of Science and Technology (NAIST) and Universitas Andalas*
- 11:00AM – 12:00PM “Digital Behavioral Criminalistics: An Emerging Field”  
*Featured Speaker:* Dr. Kirk Kennedy, *DoD Insider Threat Management Analysis Center (DITMAC) Behavioral Threat Analysis Center (BTAC)*  
with introductory remarks from Brannon Niesent, *Chief of DITMAC/BTAC*
- 12:00PM – 1:30 PM Lunch
- 1:30PM – 2:00PM “Game-Theoretic Modeling and Analysis of Insider Compliance with Security Policy”  
Andrew Moore, *CERT National Insider Threat Center, Software Engineering Institute, Carnegie Mellon University*
- 2:00PM – 2:30PM “Top Ten Challenges for Insider Threat Research and Practice.”  
*Featured Speaker:* Dr. Frank Greitzer, *Cogility Software and PsyberAnalytix*
- 2:30PM – 3:00PM “A New Approach to Insider Threat Detection & Mitigation for High Consequence Facilities & Critical Infrastructure: Artificial Neural Networks and Risk Significance”  
Dr. Adam Williams, *Sandia National Laboratories*
- 3:00PM – 3:30PM Break
- 3:30PM – 4:00PM “Invisible Threats, Visible Metrics: Strategies for Formalizing Metrics for ROI & Program Maturity”  
Sarah Hertz and Jeremy Parkhurst, *Deloitte*
- 4:30PM – 5:00PM “Cybersecurity Usage in the Wild: A look at Deployment Challenges in Intrusion Detection and Alert Handling”  
Wyatt Sweat, *Virginia Tech*
- 5:00PM Adjourn
- 5:30PM – 7:30PM Reception at Ootpia (next door to the workshop venue at 1901 San Antonio St.)
